85
86 2. License Grants and Conditions

87 -----

88
89 2.1. Grants

90
91 Each Contributor hereby grants You a world-wide, royalty-free,
92 non-exclusive license:

93
94 (a) under intellectual property rights (other than patent or trademark)
95 Licensable by such Contributor to use, reproduce, make available,
96 modify, display, perform, distribute, and otherwise exploit its
97 Contributions, either on an unmodified basis, with Modifications, or
98 as part of a Larger Work; and

99
100 (b) under Patent Claims of such Contributor to make, use, sell, offer
101 for sale, have made, import, and otherwise transfer either its
102 Contributions or its Contributor Version.

103
104 2.2. Effective Date

105
106 The licenses granted in Section 2.1 with respect to any Contribution
107 become effective for each Contribution on the date the Contributor first
108 distributes such Contribution.

109
110 2.3. Limitations on Grant Scope

111
112 The licenses granted in this Section 2 are the only rights granted under
113 this License. No additional rights or licenses will be implied from the
114 distribution or licensing of Covered Software under this License.
115 Notwithstanding Section 2.1(b) above, no patent license is granted by a
116 Contributor:

117
118 (a) for any code that a Contributor has removed from Covered Software;
119 or

120
121 (b) for infringements caused by: (i) Your and any other third party's
122 modifications of Covered Software, or (ii) the combination of its
123 Contributions with other software (except as part of its Contributor
124 Version); or

125
126 (c) under Patent Claims infringed by Covered Software in the absence of
127 its Contributions.

128
129 This License does not grant any rights in the trademarks, service marks,
130 or logos of any Contributor (except as may be necessary to comply with
131 the notice requirements in Section 3.4).

132
133 2.4. Subsequent Licenses

134
135 No Contributor makes additional grants as a result of Your choice to
136 distribute the Covered Software under a subsequent version of this
137 License (see Section 10.2) or under the terms of a Secondary License (if
138 permitted under the terms of Section 3.3).

139
140 2.5. Representation
141
142 Each Contributor represents that the Contributor believes its
143 Contributions are its original creation(s) or it has sufficient rights
144 to grant the rights to its Contributions conveyed by this License.
145

146 2.6. Fair Use
147
148 This License is not intended to limit any rights You have under
149 applicable copyright doctrines of fair use, fair dealing, or other
150 equivalents.
151

152 2.7. Conditions
153
154 Sections 3.1, 3.2, 3.3, and 3.4 are conditions of the licenses granted
155 in Section 2.1.
156

157 3. Responsibilities
158 -----
159

160 3.1. Distribution of Source Form
161
162 All distribution of Covered Software in Source Code Form, including any
163 Modifications that You create or to which You contribute, must be under
164 the terms of this License. You must inform recipients that the Source
165 Code Form of the Covered Software is governed by the terms of this
166 License, and how they can obtain a copy of this License. You may not
167 attempt to alter or restrict the recipients' rights in the Source Code
168 Form.
169

170 3.2. Distribution of Executable Form
171
172 If You distribute Covered Software in Executable Form then:
173

174 (a) such Covered Software must also be made available in Source Code
175 Form, as described in Section 3.1, and You must inform recipients of
176 the Executable Form how they can obtain a copy of such Source Code
177 Form by reasonable means in a timely manner, at a charge no more
178 than the cost of distribution to the recipient; and
179

180 (b) You may distribute such Executable Form under the terms of this
181 License, or sublicense it under different terms, provided that the
182 license for the Executable Form does not attempt to limit or alter
183 the recipients' rights in the Source Code Form under this License.
184

185 3.3. Distribution of a Larger Work
186
187 You may create and distribute a Larger Work under terms of Your choice,
188 provided that You also comply with the requirements of this License for
189 the Covered Software. If the Larger Work is a combination of Covered
190 Software with a work governed by one or more Secondary Licenses, and the
191 Covered Software is not Incompatible With Secondary Licenses, this
192 License permits You to additionally distribute such Covered Software
193 under the terms of such Secondary License(s), so that the recipient of
194 the Larger Work may, at their option, further distribute the Covered
195 Software under the terms of either this License or such Secondary
196 License(s).
197

198 3.4. Notices
199
200 You may not remove or alter the substance of any license notices
201 (including copyright notices, patent notices, disclaimers of warranty,
202 or limitations of liability) contained within the Source Code Form of
203 the Covered Software, except that You may alter any license notices to
204 the extent required to remedy known factual inaccuracies.
205

206 3.5. Application of Additional Terms
207

208 You may choose to offer, and to charge a fee for, warranty, support,
209 indemnity or liability obligations to one or more recipients of Covered
210 Software. However, You may do so only on Your own behalf, and not on
211 behalf of any Contributor. You must make it absolutely clear that any
212 such warranty, support, indemnity, or liability obligation is offered by
213 You alone, and You hereby agree to indemnify every Contributor for any
214 liability incurred by such Contributor as a result of warranty, support,
215 indemnity or liability terms You offer. You may include additional
216 disclaimers of warranty and limitations of liability specific to any
217 jurisdiction.

218
219 4. Inability to Comply Due to Statute or Regulation
220 -----

221
222 If it is impossible for You to comply with any of the terms of this
223 License with respect to some or all of the Covered Software due to
224 statute, judicial order, or regulation then You must: (a) comply with
225 the terms of this License to the maximum extent possible; and (b)
226 describe the limitations and the code they affect. Such description must
227 be placed in a text file included with all distributions of the Covered
228 Software under this License. Except to the extent prohibited by statute
229 or regulation, such description must be sufficiently detailed for a
230 recipient of ordinary skill to be able to understand it.

231
232 5. Termination
233 -----

234
235 5.1. The rights granted under this License will terminate automatically
236 if You fail to comply with any of its terms. However, if You become
237 compliant, then the rights granted under this License from a particular
238 Contributor are reinstated (a) provisionally, unless and until such
239 Contributor explicitly and finally terminates Your grants, and (b) on an
240 ongoing basis, if such Contributor fails to notify You of the
241 non-compliance by some reasonable means prior to 60 days after You have
242 come back into compliance. Moreover, Your grants from a particular
243 Contributor are reinstated on an ongoing basis if such Contributor
244 notifies You of the non-compliance by some reasonable means, this is the
245 first time You have received notice of non-compliance with this License
246 from such Contributor, and You become compliant prior to 30 days after
247 Your receipt of the notice.

248
249 5.2. If You initiate litigation against any entity by asserting a patent
250 infringement claim (excluding declaratory judgment actions,
251 counter-claims, and cross-claims) alleging that a Contributor Version
252 directly or indirectly infringes any patent, then the rights granted to
253 You by any and all Contributors for the Covered Software under Section
254 2.1 of this License shall terminate.

255
256 5.3. In the event of termination under Sections 5.1 or 5.2 above, all
257 end user license agreements (excluding distributors and resellers) which
258 have been validly granted by You or Your distributors under this License
259 prior to termination shall survive termination.

262 * 6. Disclaimer of Warranty *
263 * ----- *

264 * *
265 * *
266 * Covered Software is provided under this License on an "as is" *
267 * basis, without warranty of any kind, either expressed, implied, or *
268 * statutory, including, without limitation, warranties that the *

302
303 8. Litigation
304 -----

305
306 Any litigation relating to this License may be brought only in the
307 courts of a jurisdiction where the defendant maintains its principal
308 place of business and such litigation shall be governed by laws of that
309 jurisdiction, without reference to its conflict-of-law provisions.
310 Nothing in this Section shall prevent a party's ability to bring
311 cross-claims or counter-claims.

312
313 9. Miscellaneous
314 -----

315
316 This License represents the complete agreement concerning the subject
317 matter hereof. If any provision of this License is held to be
318 unenforceable, such provision shall be reformed only to the extent
319 necessary to make it enforceable. Any law or regulation which provides
320 that the language of a contract shall be construed against the drafter
321 shall not be used to construe this License against a Contributor.
322

323 10. Versions of the License
324 -----

325
326 10.1. New Versions
327

328 Mozilla Foundation is the license steward. Except as provided in Section
329 10.3, no one other than the license steward has the right to modify or
330 publish new versions of this License. Each version will be given a
331 distinguishing version number.

332
333 10.2. Effect of New Versions
334

335 You may distribute the Covered Software under the terms of the version
336 of the License under which You originally received the Covered Software,
337 or under the terms of any subsequent version published by the license
338 steward.
339

340 10.3. Modified Versions
341

342 If you create software not governed by this License, and you want to
343 create a new license for such software, you may create and use a
344 modified version of this License if you rename the license and remove
345 any references to the name of the license steward (except to note that

346 such modified license differs from this License).

347

348 10.4. Distributing Source Code Form that is Incompatible With Secondary
349 Licenses

350

351 If You choose to distribute Source Code Form that is Incompatible With
352 Secondary Licenses under the terms of this version of the License, the
353 notice described in Exhibit B of this License must be attached.

354

355 Exhibit A - Source Code Form License Notice

359 License, v. 2.0. If a copy of the MPL was not distributed with this
360 file, You can obtain one at <http://mozilla.org/MPL/2.0/>.

361

362 If it is not possible or desirable to put the notice in a particular
363 file, then You may include the notice in a location (such as a LICENSE
364 file in a relevant directory) where a recipient would be likely to look
365 for such a notice.

366

367 You may add additional accurate notices of copyright ownership.

368
